ATTORNEYS CLASH IN DARROW TRIAL THIS MORNING

LOS ANGELES, June 6.—Attorney Rogers for the defense in the Darrow case today tried to show that the Merchants' and Manufacturers' association had promised Franklin immunity if he would plead guilty. When Franklin was recalled to the stand this morning he did not remember anything of the alleged transaction. District Attorney Fredericks protested the charge and said, "We are trying Darrow on a bribery charge and the unions are not to be mixed up in this matter." After a long argument the testimony was admitted.

Hon. George S. Nixon Died At 7 O'clock Last Evening In the National Capitol.

THE LATE SENATOR GEORGE S. NIXON.

WASHINGTON, D. C., June 6.—United States Senator George S. Nixon, of Nevada, died last night at 7 o'clock from the effects of a nasal operation performed last Thursday at one of the leading hospitals in this city. Three Christian Scientists were called in an effort to save his life. Several of the most eminent specialists of the eastern cities were in consultation when the end came. The senator had been unconscious for the past four days and died in that state. The funeral will be held at Reno, Nevada, his home city. The Nevada senator had become a power in the Senate of the United States and was greatly loved and honored by his fellow senators for his honest and manly acts in doing his duty as his conscience willed it.

WASHINGTON, D. C., June 6.—Funeral services will be held this afternoon at 2:30 o'clock at the home of the late Senator George S. Nixon, in this city, where his remains lie in state. Senate Chaplain Pierce will officiate. President Taft and members of his cabinet will attend the services as will also members of the Senate and House. A funeral committee of both houses will accompany the remains to Reno tonight where interment will be held. The widow and son will join the funeral party at Chicago tomorrow.

George S. Nixon was born upon a farm in Placer county, Calif., in 1866, where he resided with his parents until he came to Nevada in 1881 and has resided in this state since that date. During his boyhood days he tilled the soil with his father. During his spare moments and they were but few, he took up the study of telegraphy and in 1881 secured his first position with the Southern Pacific as its agent at Brown, a small station between Hazen and Lovelock. In 1882 he became the agent at Humboldt House, and in 1883-4 was appointed to the then important position of agent for the Carson & Colorado railroad at Belleville, near Candelaria. C. C. Bender and the late J. M. Verington knowing his sterling worth, made him assistant cashier of their Reno bank. This appointment he held until he established his own bank at Winnemucca

with the assistance of his friends, which is known as the First National Bank of Winnemucca. In this venture George Nixon's wealth amounted to \$12,000. He invested in farming lands and stock cattle in Humboldt county which soon formed the nucleus of his fortune. During the early days of Tonopah and Goldfield he invested heavily in mining properties which made him many millions of dollars. Today he is the president of a chain of banks in this state that are as sound as the rock of Gibraltar. In 1904 he was elected to succeed the late Hon. Wm. M. Stewart in the United States Senate and in 1910 he was elected to succeed himself. His term would have expired in March, 1917. He is survived by a wife and son Bertram.

"ILLUMINATION" IS A BEAUTIFUL PICTURE PLAY

"The Illumination" depicts the last days of Christ. His death and burial; in and about Jerusalem under the Roman rule and occupancy during the reign of Caesar. The story is that of Joseph, a young Jew who is led to believe in Christ through His miraculous power and spiritual influence among men. He is denounced by his family and friends, but he continues to follow the Nazarene, and shows such purity and sanctity of mind and character that they, too, become followers of Jesus. Even the impetuous Roman centurion, Maximus, who would have killed the Christ, is brought under His gentle influence. After the crucifixion, as He utters

death has caused sorrow in every heart today throughout Nevada. All Tonopah mourns with the devoted wife and son in their great sorrow.

The Tonopah Banking Corporation, of which financial institution the Senator is president, closed its doors out of respect to his memory, but will reopen tomorrow and again close on the day of his funeral. The Nevada First National Bank of Tonopah also closed its doors this morning and remained closed during the day, showing the proper respect to the late Senator George S. Nixon.

Flags at the court house, fire house and all business houses are flying at half mast and will remain so, until after the funeral, announcement of which will be given tomorrow.

ENDORSEMENT OF RECALL DIVIDES ROOSEVELT CAMP

Senator Root Will Undoubtedly Be Elected Temporary Chairman--Taftites In Control of National Committeemen.

CHICAGO, June 6.—Both the Roosevelt and the Taftites claim a victory in the number of delegates recently elected for the national convention. Both privately admit that the result will be the closest of any contest yet presented to the national committeemen, who met this afternoon and held a temporary roll call. The Taftites are in control of the committee and a majority of the Taft contestants will probably be seated. Today's session was devoted to organization and rules of procedure. Among the first contests will be the states of Arkansas, Alabama and Arizona, which will not be settled until Saturday or later. Some of the Pacific coast delegates have arrived bearing several platform suggestions, including the endorsing of the recall of judges. This will probably divide the Roosevelt camp. It is now an assured fact that Senator Root will be elected temporary chairman. The Taftites are planning to make the temporary organization permanent. A revised list shows that 250 of the delegates' seats will be contested.

CHICAGO, June 6.—Senator Dixon, one of the dictators for the Roosevelt forces, has issued a statement denouncing the allegation of the Taft followers that they would practically seat all of the Taft contestants. Dixon said: "If the high court of trustees of the Republican party would agree to put through an arsenic bottle program, they might just as well agree to take the party into some back alley and cut its throat. No sane or sober man believes that if Taft is nominated he could carry the party to victory in three Republican states. If Taft is nominated there won't be enough of the Republican party in Congress to demand a vote of the ayes and days. It would mean a crushing defeat to the county and state tickets in nearly every state in the union."

CHICAGO, June 6.—The national committeemen met promptly at 2 o'clock this afternoon, with Taft committeemen in the majority. Roosevelt was first elected chairman of rules committee governing all contests and adopted the duplicating of the old rules. Senator Dixon was in evidence and held a proxy from Montana.

CHICAGO, June 6.—The national committee approved the report of the sub-committee on arrangements. The Roosevelt forces did not oppose Roosevelt as chairman of the rules committee. Howell, of Nebraska, up to this time has not demanded a seat as a representative from that state. The general committee adjourned until 10 o'clock tomorrow morning.

Senator Dixon in an equally positive statement declared "the nomination of President Taft is physically and humanly impossible with the delegates elected."

Congressman McKinley added that the personal presence of Colonel Roosevelt in the convention would

WOMAN ACCIDENTALLY SHOT BUT WOUND IS NOT SERIOUS

Was Preparing for Journey to Bishop Where She Was to Be United In Marriage to Frank Courtney Tomorrow.

Sergeant of Police Walker received a call this morning from the lower part of town, saying that a woman by the name of Bessie Gavey, had committed suicide by shooting herself. Walker immediately called Dr. McDonnell who administered the necessary surgical aid and later on had the patient removed to the county hospital. A Bonanza representative visited the home of Miss Gavey before she was taken to the hospital and gleaned the following from Frank Courtney, who was to have been married to the unfortunate woman tomorrow at Bishop. Mr. Courtney said:

"Miss Gavey and I were to have been married tomorrow at Bishop and were preparing to leave for that point this morning. I had secured Gene Marty to deliver our trunks to the depot, and he and I were in the act of placing the trunks on the transfer wagon when a shot was fired in the house. I rushed in and found Miss Gavey coming out of the clothes closet, saying that she had been shot."

Miss Gavey in telling of the affair, said: "I went into the clothes closet to get some wearing apparel and in some way a revolver that was on a shelf dropped and struck on the table and discharged one of the cartridges in the chamber, the bullet entering my left side. It was an accident. The idea of suicide has never entered my head."

Dr. McDonnell stated that the wound was not a serious one and the lady would be out of the hospital in a few days.
